

## High Technology Enclosure Systems

# VS 600

VS Series offers highly rigid and stable structure in all steel construction with loading capacity of 500 kg / 750 kg with optional Plinth Frame. In line with other products from WQ India - VS Series is also conceived on the basis of needs and functional requirements that we have gathered from the IT and Telecom industry.

Broad Front and Rear Multi-Fold Frames ensure higher level of stability and squareness while offering maximized width utilization for managing cables and power distribution units within the rack.

Simple construction, minimal components, ease of assembly at site, convenient to carry packaging and elevated aesthetics make VS Series a truly "Versatile Solution" for your various application needs.

## Features

- All Steel construction with multi-fold structural members for better rigidity
- Maximum utilization of rack inner space
- Loading Capacity 500 kg / 750 kg with optional plinth frame
- Standard configuration includes set of castors
- Options available for Front / Rear Door
  - Glass Doors Plain / Ventilated
  - Steel Doors Plain / Vented / Fully Perforated
  - Part Height Doors with Connector Panel for AV Application
- Bolted Construction / fewer components / Easy assembly
- Easy to handle packaging for secured & safe shipping
- Incorporates latest industry standards and statutory guidelines
- Aesthetically enhanced cost effective solution
- Choice of colors and customization options available

## Optional Accessories

- **Space Management**
  - Fixed Shelf - Ventilated
  - Sliding Shelf - Ventilated
  - Cantilever Shelf
  - Chassis Runner
- **Cable Management**
  - Horizontal Cable Managers
  - Vertical Cable Managers
- **Heat Management**
  - Roof Mounted Fan Trays
  - Rack Mounted Fan Trays
  - Door / Panel Mounted Fan Units / Filters
  - Temperature Indicator / Controller
- **Power Management**
  - Horizontally Mounted Power Distribution Units
  - Vertically Mounted Power Distribution Units
    - Choice of Sockets / Switches / PDU Ratings
    - Metered Versions also available
  - Horizontally Mounted Earth Bar with Continuity Kit
- **Accessibility Management**
  - Front and Rear Doors
    - Glass Doors / Plain / Vented
    - Steel Doors / Vented / Perforated / HEX Mesh
    - Choice of locks with common / unique combinations
    - Digital locks
    - With provision for Fan Units / Filters
  - Side Panels
    - Plain / Vented / Louvered
    - Choice of locks with common / unique combinations
    - With provision for Fan Units / Filters
