

High Technology Enclosure Systems

VS 800

VS 800 Series offers highly rigid and stable structure in all steel construction with loading capacity of 500 kg / 750 kg with optional Plinth Frame. This is conceived on the basis of needs and functional requirements that we have gathered from the IT and Telecom industry for the Networking Racks,

Broad Front and Rear Multi-Fold Frames ensure higher level of stability and squareness while offering maximized width utilization for managing cables and power distribution units within the rack. Variety of optional cable management tools help populating these racks with higher density and easy manageability.

Simple construction, minimal components, ease of assembly at site, convenient to carry packaging and elevated aesthetics make VS Series a truly "Versatile Solution" for your various application needs.

Features

- All Steel construction with multi-fold structural members for better rigidity
- Maximum utilization of rack inner space
- Loading Capacity 500 kg / 750 kg with optional plinth frame
- Standard configuration includes set of castors
- Options available for Vertical Cable Management
 - 100 x 100mm PVC / Metal Closed Type Cable Manager
 - Full Height Cable Baskets / Trays in 75 / 100 / 150 / 300mm
 - Twist & Lock Type Cable Managers for Fiber Management
- Bolted Construction / Fewer components / Easy assembly
- Easy to handle packaging for secured & safe shipping
- Incorporates latest industry standards and statutory guidelines
- Aesthetically enhanced cost effective solution
- Choice of colors and customization options available

Optional Accessories

- **Space Management**
 - Fixed Shelf - Ventilated
 - Sliding Shelf - Ventilated
 - Cantilever Shelf
 - Chassis Runner
- **Cable Management**
 - Horizontal Cable Managers
 - Vertical Cable Managers
- **Heat Management**
 - Roof Mounted Fan Trays
 - Rack Mounted Fan Trays
 - Door / Panel Mounted Fan Units / Filters
 - Temperature Indicator / Controller
- **Power Management**
 - Horizontally Mounted Power Distribution Units
 - Vertically Mounted Power Distribution Units
 - Choice of Sockets / Switches / PDU Ratings
 - Metered Versions also available
 - Horizontally Mounted Earth Bar with Continuity Kit
- **Accessibility Management**
 - Front and Rear Doors
 - Glass Doors / Plain / Vented
 - Steel Doors / Vented / Perforated / HEX Mesh
 - Choice of locks with common / unique combinations
 - Digital locks
 - With provision for Fan Units / Filters
 - Side Panels
 - Plain / Vented / Louvered
 - Choice of locks with common / unique combinations
 - With provision for Fan Units / Filters
